

ALL SHIPPING AGENTS, HAULIERS AND PORT USERS

REF : DPA/186/17/09/2003

TRANSPORTATION OF BULK CARGO (SOLIDS)

The Dubai Ports Authority hereby requests all concerned, to meet the following conditions for the safe movement of solid bulk cargo from the Port by Dumper Trucks. The hauliers, receivers or agents please ensure that: -

- 1 The Trucks hold valid Registration of the local Traffic Authorities.
- 2 The trucks have proper sealing and adequate tarpaulins to prevent spillage of cargo while moving.
- 3 The trucks are equipped with locking mechanism and sealing at the rear door.
- 4 There is no excessive emission of black smoke from the trucks.
- 5 There is no leakage of fuel / lubricant oil from the trucks.
- 6 The trucks are loaded only to the rated capacity by weight / volume.
- 7 The trucks are parked only at the designated area allotted by the Port Operations Supervisor.
- 8 The drivers follow instructions at site, from the Port Operations Supervisor.
- 9 The dumper truck drivers adhere to the speed restrictions, traffic signs and other safety requirements inside the Port areas.
- 10 The Pay Loader/Shovel arranged by the receiver/agent have plain bucket rim, without teeth.

Your cooperation on the above matters will be greatly appreciated.
