

**CIRCULAR: EHS/PM/03/10**

**Dated: 24<sup>th</sup> February 2010**

**To: All Clients and Users of Al-Awir Dry Port**

**SUBJECT: Implementation of EHS Requirements in Al-Awir Dry Port**

Please be informed that Trakhees- Environmental, Health & Safety (EHS), is regulatory arm to enforce, monitor and implement the health, safety and environmental regulations and requirements for all operations within the Dubai world/PCFC jurisdiction.

As Al-Awir Dry Port is under the jurisdiction of PCFC, Trakhees-EHS Division is empowered to regulate all activities to ensure EHS regulations and its requirements are complied with at all times. EHS do carryout regular inspections on all establishments including shops, workshops, warehouses, restaurants, loading/unloading bay etc., to ensure safe and environmentally clean working area. If any violation to EHS requirements, then Trakhees-EHS will issue Warning letters, Correction/Prohibition notices and/or Penalties where deemed required.

You are advised to strictly follow all EHS requirements to enhance health, safety and environmental standards within Al-Awir Dry Port.

This circular is intended to assist all concerned parties to promote a safer and cleaner working environment.

Please send your queries to [ehs.ports@trakhees.ae](mailto:ehs.ports@trakhees.ae), if you require any further clarifications

Sincerely,

**A.Nazeer Hussain**
